

Dear HR,

I am a Senior Full-Stack PHP Web Developer passionate about creating high-quality web solutions. I seek challenging opportunities in web development, programming, coding, database design, and UI/UX, where I can apply my expertise to benefit the organization while advancing my career. I aim to consistently deliver timely, quality output by embracing challenges, continuous learning, and effective teamwork. With proven experience, initiative, and resources, I excel in managing projects from concept to completion, ensuring outstanding results.

My expertise spans Framework Laravel & CMS WordPress. I am highly skilled in technologies such as PHP, MySQL, HTML5, CSS, JavaScript, jQuery, JSON, XML, Ajax, React, NodeJS, Express, and Mongo DB. I am proficient across multiple platforms (Windows, Mac, Linux). I am also knowledgeable about the Flutter mobile app.

With over 12 years of experience in web and mobile application development, I bring a diverse skill set, including Web and Mobile App Development Web Training, SEO, and SMM. I am highly experienced in managing small teams, and ensuring projects are delivered with dedication, efficiency, and excellence. I oversee the entire software development lifecycle from initial requirement gathering to design, coding, testing, documentation, and implementation ensuring high-quality, user-centric solutions.

In addition to WordPress plugin development, I adhere to best practices in software development, including object-oriented design (OOD), client-server architecture, and self-test automation. My approach is rooted in delivering user-friendly, scalable, and cost-effective solutions on time and within budget, positioning me for a senior web developer role.
